(54) METHOD FOR REMOVING CAFFEINE IN AQUEOUS SOLUTION CONTAINING CAFFEINE

(57)Abstract:

PURPOSE: To provide a method for removing caffeine in aq. solution contg. caffeine without affecting other components.

CONSTITUTION: Caffeine is removed selectively and very industrially advantageously by a simple method that caffeine is selectively adsorbed by bringing an aq. solution contg. caffeine into contact with an adsorbent.

## LEGAL STATUS

[Date of request for examination]

04.06.1998

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

3138781

[Date of registration]

15.12.2000

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's decision of rejection]

[Date of extinction of right]
